

Johan Vineyards | Pét-Nat of Pinot Noir

Willamette Valley, Oregon AVA

The Story: Located in Oregon's Willamette Valley, within the Van Duzer Corridor AVA, Johan Vineyards is an 85-acre certified-Biodynamic estate winery. Our goal is to create a self-sustained holistic farm system with the energy to produce an honest expression of itself, to share with others. Since establishment of Johan Vineyards in 2005, we have expanded our acreage to include a wide array of varieties, while striving to maximize clonal diversity among more established varieties such as Pinot Noir. We are equally excited about the potential of the more esoteric plantings on our site as we are about making more forward-thinking, age-worthy expressions of Pinot Noir and Chardonnay.

Vineyard: This sparkling rosé was made from all estate-grown, Demeter certified Biodynamic Pinot Noir grapes. We farm Block 3, a small northwest facing section of the vineyard planted to clone 667, specifically for this wine.

Vinification: Pétillant Naturel is a method of producing sparkling wine, also referred to as "Methode Ancestrale". After 24 hours of skin contact, the grapes were pressed and fermented in a stainless steel tank before it was bottled at the tail end of its primary fermentation.

Ageing: Bottled unfiltered and contains lees.

Everything else you want to know about this wine: Pétillant Naturel is when the carbonation occurs from bottling the wine during the primary, alcoholic fermentation – in order to capture the carbon dioxide that is being naturally released.

Varietal: 100% Pinot Noir

Region: Willamette Valley

Winemaker: Morgan Beck and Dan Rinke

Vines Age: 15 years

Farming: Demeter Certified

Soil: calcareous sedimentary soils with non-native erratic granite
